## Reporting guidance for cooperation

Guidance document will be shared by March 2024 with details on:

- Tracking progress made in implementing and achieving nationally determined contributions (NDC) under Article 4 of the Paris Agreement
  - Structured summary
  - LULUCF annual reporting
  - Article 6 activities (ITMOS and voluntary collaborative approaches) and subsequent reports
  - Differences in accounting/reporting approaches between inventories, ETS, ESR and NDC
- Any other areas where Member States would need guidance

Ressources pour la préparation :  
 UNFCCC documents + training + tool  
 Scope = EU NDC, focus sur les objectifs 2030  
 Document de guidance EU attendu en mars
